It is about time Telus creates a simplified remote. My wife, like many others, is having great difficulty. We have Telus Optik, with the new remote which has evolved into something requiring a university to learn to use. A number of times I have returned to find my wife sitting in front of a blank screen. I find this very sad and unacceptable.

Why is telus optik remote control not user friendl ...

So I am looking for a universal remote that works with the Optik TV boxes. I tried one universal remote from Sony that controls just a TV and set top box, which worked with his Panasonic TV, but it did not work even with the Scientific Atlanta codes. Does anyone know about a remote that would work w...
